Front-End Development (HTML, CSS & Javascript), React Native, Vue.js, Three.js (3D), SQL, MongoDB, phpMyAdmin

SOFT SKILLS

Design Thinking & User-Centered Mindset
Creative Problem Solving & Adaptability
Communication & Empathy
Collaboration & Teamwork
Attention to Detail
Growth Mindset

PROJECTS

TODA. Sustainable Fashion Sharing App

UX/UI Designer & Front-End Developer

- Designed a community-based app focused on clothes sharing and sustainability using Figma.
- Emphasised circular fashion principles, intuitive user flows, and engaging visual storytelling.
- Conducted user interviews and designed a prototype to encourage eco-conscious behaviour and reduce textile waste.

VI. Wellbeing-Focused Smart Agenda

UX/UI Designer & Front-End Developer

- Created a wellbeing centred calendar app integrating four core pillars: connection, mindfulness, movement, and skills.
- Carried out user research and developed low-to-high fidelity prototypes in Figma.
- Prioritised accessibility, habit-forming UX, and micro-interactions for daily engagement and mental wellbeing.

VR Breathing Experience

3D Interaction Designer & Developer

- Built a guided breathing animation using Blender, Unity and VR headsets.
- Focused on calm UX, spatial design, and body-aware interaction cues for user relaxation.

Italian Gelato Kiosk

3D Visual Designer

- Designed a stylised miniature world featuring a charming Italian gelato kiosk using Blender.
- Modelled architectural details, props, and environment assets in a cohesive red-and-white colour scheme.
- Created a visually engaging 3D scene with playful atmosphere and optimised for animation and rendering.
